

ShowCase

Improving resilience and compliance
of small credit providers.

Virtual NCR and IFC Showcase Event
24 October 2023 | 14:00 - 15:30 (SAT)

Dear Stakeholder

The National Credit Regulator (NCR), in partnership the International Finance Corporation (IFC) with the support of the Government of Japan, would like to extend an invitation to you to attend the Virtual NCR and IFC Hackathon Showcase Event on 24 October 2023 at 14:00 – 15:30 (SAT).

The NCR, has recognized the challenges faced by credit providers, including the lack of digitisation and difficulties in complying with Regulation 19 (13) of the National Credit Act (NCA). Regulation 19 (13) of the NCA prescribes how credit providers must submit information to Credit Bureaus.

To this end, the NCR in partnership with the International Finance Corporation (IFC) with the support of the Government of Japan are dedicated to exploring innovative ideas and solutions that can support the digitization and regulatory compliance of small credit providers in categories 1 to 5.

With this commitment in mind, the NCR and IFC will be hosting a Showcase to enable vendors to showcase their existing solutions geared at promoting resilience, inclusion, and compliance with the NCA, particularly Regulation 19 (13) of the NCA.

PLEASE REGISTER BELOW FOR THE SHOWCASE EVENT
24 OCTOBER 2023 | 14:00 – 15:30 (SAT)

► REGISTER

We look forward to hosting you at the virtual NCR and IFC Showcase event.
