All of the documentation referred to below (in Parts One – Ten) must be submitted. For ease of reference and to facilitate the evaluation process, you are requested to clearly mark each part of the submitted documentation as it is referred to below.

Part One – Proposal drafted in response to Terms of Reference

Section 2 of this document below, contains the terms of reference (TOR) for the above mentioned tender. Bid participants are required to draft a proposal that will clearly indicate to the Evaluation Committee how they will fulfil the requirements as set out in the TOR.

Bid participants should include the following information when drafting their proposals:

- Proposals should make clear the relevant skills, experience and capacity of the participant, in respect of this particular TOR. This is an important evaluation criterion. Bid participants should ensure that their proposals focus on how they will address the requirements of this TOR, rather than on achievements.
- Proposals must contain the details of the proposed approach to be adopted in order to deliver the service in accordance with the TOR.
- Proposals should clearly indicate whether or not bid participants have the internal capacity to meet the requirements of the TOR.

Part Two – Pricing Proposal

Forms with photocopies and/or other reproductions of signatures may be rejected. Additional information may be added on a separate page if necessary.

All prices provided must be inclusive of Value-Added Tax (VAT).

Please note that the prices contained in the pricing proposal are the only charges that may be levied if the participant's proposal is successful, unless explicitly agreed to in writing by the National Credit Regulator, and in terms of the General Conditions of Contract.

Part Three – General Conditions and Procedures of the NCR

See Annexure B. Bid participants must indicate clearly that they have read this document, and have no objections to being bound by its contents. Where any provisions of the General Conditions and Procedures conflict with this General Information for Bidders and/or Terms of Reference, the latter will take precedence over the General Conditions of Contract.

Part Four – Contract Form: Rendering of Services

See Annexure C - This will only be completed by the successful bidder once a selection has been made by NCR. Participants do not, therefore, need to complete this form at the bidding stage but their proposals must clearly indicate that they have read this form, and have no objections to signing it as is, if selected as the successful participant.

Part Five – Tax Clearance Certificate

See Annexure D - Please complete form SBD 2. **DO NOT RETYPE THESE FORMS**. They must be completed on the original and signed, all in black ink. Failure to submit a valid, original tax clearance certificate issued by SARS will result in a proposal being rejected.

**TERMS OF REFERENCE (TOR)
TO APPOINT A SERVICE PROVIDER TO PERFORM QUARTERLY
AUDITS REVIEWS ON PDA'S**

Introduction and Background

The National Credit Regulator (“the NCR”) accredited three companies as Payment Distribution Agencies (PDA) to collect and distribute funds of consumers under debt review to credit providers. This process is an integral part of the NCR in safe guarding the funds of consumers under debt counselling. The NCR has signed a Service Level Agreement (SLA) with all PDAs. To monitor and ensure compliance with the SLA, the NCR through the services of an external firm conducts periodic reviews to all PDAs.

For this reason, the service of a consulting firm is required to conduct the audits of all three PDAs, two of which are based in the Gauteng Province, and the other in George in the Western Cape.

Below are the terms of reference for the quarterly audit reviews:

1.1 Confirm the following:

Opening and closing balances of bank account

- Confirm and verify that the opening and closing balances of bank accounts correspond with bank statements;
- Compare the closing balance per the PDA system with the closing balance per the bank account statements.

Bank reconciliation

- Perform a bank reconciliation to ensure that the amounts received from consumers and distributed to credit providers reconcile to the bank accounts closing balance as reflected on the bank statement.

Income

- Confirm that the monthly income, including amounts received from consumers, credit providers and other sources are reflected correctly and supported with schedules.
- Verify all the interest accrued on the PDA's bank account.

Expenditure and distributions

- Confirm that the monthly expenditure, including debit orders rejected where payment has already been made, refunds to consumers, payments to credit providers, sweeping of bank accounts to other PDAs, other payments made and fees paid are correctly reflected and supported with schedules.
- Check whether payments to credit providers are made in line with the re-arrangement proposals from the debt counsellor;
- Determine the exact period between the receipt of funds and outflow of payments to credit providers;
- Check whether the PDA distributes the debt counsellors' fees in line with the NCR guidelines. If discrepancies are noted, follow up on measures in place to deal with this.

Verification of the NCR reports

- Verify the correctness of monthly reports submitted to NCR.

Unidentified and undistributed funds

- Determine and verify the amounts which cannot be identified by the PDA and record the reasons thereof;
- Determine and verify the amount of funds which remain undistributed by the PDA;
- Ascertain whether the PDA has taken remedial action to resolve this;
- Determine the amounts and causes for non-distribution of funds and the impact this has on the operation of the PDA.

1.2 Perform a holistic review and monitoring of compliance of the PDA with all clauses of the SLA. Determine whether or not the PDA has performed in terms of the SLA, note reasons for deviance and recommend appropriate action.

1.3 Evaluate the PDA’s complaints resolution process and actual complaints received from consumers, debt counsellors, credit providers and other related stakeholders and advise on the level of resolution and time taken to respond.

The functionality criteria will be evaluated based on the following:
